## Summer 2024 Post Results Services

---

This document provides a brief explanation of Post Results Services available to BTEC, GCSE and A-Level learners, for further information on other qualifications and exams please contact the [Examinations Team](#).

Learners who receive BTEC, GCSE and A-Level results have Post Results Services available to them, they can apply online via the examinations team. To enable awarding organisations to provide an efficient service, it is essential that applications are made by the deadlines. Please note that applications must be submitted to awarding bodies by their relevant closing date and will not be accepted after.

Fees for post-results services are per paper/component and are payable by learners who are applying. Fees are set independently by each individual awarding organisation and are per paper not subject.

There are two categories of Post Results Services 1. Access to Scripts (ATS) 2. Review of Results (RoR).

### ATS – Access to scripts

A 'Script' refers to the written/typed work of a learner which has resulted from an externally assessed component. Arrangements for Access to Scripts do not apply to internally assessed components, orals or audio/video tapes.

Accessing your script enables you to review your work before deciding to apply for review of results.

All applications for Access to Scripts **MUST BE SUBMITTED** by the following deadline:

- **12th September 2024 (16:00)**

### RoR – Review of Results

Following a review of result service marks and subject grades may be lowered, confirmed or raised. Where there has been a reduction in marks or a downgrade, the request cannot be revoked, and the original mark or grade cannot be reinstated. The RoR fee will be refunded if the subject grade is raised.

We advise Learners to inform any third party (such as a university or college) of any review of result submitted. The college and awarding bodies will not inform UCAS or others that a review of results has been requested. Full details on the guidance provided by UCAS can be found by clicking [here](#).

All applications for review of results **MUST BE SUBMITTED** by the following deadline(s):

- **Priority Review of Marking - 20th August 2024 (16:00) (Level 3 & A-Level Qualifications)**
- **Standard Review of Marking - 12th September 2024 (16:00) (All Qualifications)**
- **Clerical Re-Check - 12th September 2024 (16:00) (All Qualifications)**

Review of results offers 3 services as detailed below.

#### ❖ Service 1 Clerical Re-Check

This is a re-check of all clerical procedures leading to the issue of a result

This service will include the following checks:

- That all parts of the script have been marked;
- The totalling of marks;
- The recording of marks.

The outcome of the clerical re-check will be reported along with a statement of the total marks awarded for each unit, or component, included in the enquiry

### ❖ Service 2 - Review of Results

This is a review of the original marking to ensure that the agreed mark scheme has been applied correctly. It is not a re-marking of the script.

The awarding organisation will have trained its reviewers to conduct reviews of marking accurately and consistently.

A marking error can occur as a result of:

- An administrative error
- A failure to apply the mark scheme where a task has only a 'right' or 'wrong' answer
- An unreasonable exercise of academic judgement.

This service will also include the following checks:

- That all parts of the script have been marked
- The totalling of marks
- The recording of marks

### ❖ Priority Service 2 - Priority Review of Results

This is the same as service 2 detail above and is usually for a learner who's further or higher education place is at risk, it has a higher fee and a shorter deadline.
